

Main points of website:

1. Membership cost will be free at the beginning.
2. **Connecting people 50 years and older to travel:** area for seniors to enter birthdate during sign-up / *we are not doing age verification; the site will say geared towards 50 and older.*
3. **SIGN-UP / MEMBER LOGIN:** We need to have a login area for members and if they are not a member, a button that leads them to the sign-up page.
4. **Sign-up form:** Name, Birthday, Email, Phone (Optional), Zip Code, Username, Password
 - a. Send email confirmation
 - b. Once sign-up form is complete user will be prompted to answer a set of questions that will match users together by similarities, should have a 75 % match.
 - c. After questionnaire is complete, user will be prompted to set-up their profile page.
5. **Profile page:**
 - a. Upload photo of yourself
 - b. Upload photos of past travel experiences
 - c. Places I want to visit / Places I have already visited
 - d. About section
6. **Features of the website:**
 - a. Offer users a way to meet by instant chat or video chat (such as Twilio) through the website. On the profile pages there should be a instant message box with messaging and video capabilities.
 - b. Need a way for users to block other users
 - c. Within the site we need advertising space available
 - d. We need a travel forum built into the site, where users can find questions, answers, and connect with other users on all travel topics
 - e. One of the options on the profile pages would be local meetups for connecting with others or travel groups.
7. **Travel Deals:** We need a way for travel agents and travel goods distributors to list services and goods on our website. Vendor login area, similar to dokaan. We can place the vendor login at the bottom of the site.
8. **Color Scheme:** <https://colorhunt.co/palette/fefaf6eadbc8dac0a3102c57>

We already have a homepage mock-up design / site colors / logo / video content for homepage
